To whom it may concern:

I was very disappointed when I heard that Uber was being directed to stop operations. Living in a college town that supports a big bar life, many rely on Uber as a form of safe transportation. Removing Uber will likely increase the number of drunk driving and as a result put others in harms way. I am very saddened by this order because Uber is truly the only transportation company who does not charge insanely overpriced rides. I hope you can see the negative effects that will come from your efforts to shut down Uber.

Thank you so much and I hope you take my thoughts towards this matter into consideration and choose not to stop Uber.

Stephanie Carl

**Subject:** SC Needs Uber

Hello,

I am a new resident to Charleston, SC. I have lived here for only 33 days but I have used Uber 9 times already. I have found them to be very useful and productive towards my needs. They have been safe and reliable every time. I have used Uber in multiple cities in the USA, Washington, DC, Philadelphia, PA, New York City, Boston, MA, Cambridge, MA and Chicago, IL. They have been reliable in every city and every time I have used them.

This is an effective technology platform for consumers to meet their needs.

I ask that you reconsider your decision and allow Uber to operate in South Carolina!

**Subject:**

I have ridden in many UBER cabs. please allow them to operate. Every one I have been in has been clean and safe and has surpassed UBER's strict guidelines and ride controls.

I felt safer than the cabs operating in Charleston and Myrtle Beach where I have used UBER.
